### **AGM to hit hard issues**

Alberta's cattle producers have been hit hard from every direction this year. Border closures, democracy, high feed prices, labour issues and an escalating Loonie have all contributed.

Speakers will address these topics at the Alberta Beef Producer Annual General Meeting in Calgary December 10-12. All producers are invited to attend the meeting, along with media and any interested participants.

Also attached to this email is a copy of the AGM agenda.
